

Literacy

This term we are learning about the following texts- The Colour Monster and Elmer.

We will be using our listening and attention skills to become familiar with being together as a group and exploring stories.

We will be exploring different mark making opportunities in nursery and using our listening ears to help us to develop phonic skills.

EAD

Whilst we settle into nursery, we will spend time in areas that exercise our creative streak such as our creative table and painting easel. We will practise using the resources in these areas correctly. We will begin to learn about the artist Kandinsky. We will be learning mix powder paint to a good consistency and will be mark marking lines with it.

We will be practising a range of different nursery rhymes and engaging in pretend play in our home corner and construction area.

Maths

In our number learning we will be learning to identify the colours red, blue, yellow, green, orange and purple. We will be exploring matching objects by noticing they are the same and learning to sort objects based on their features. We will begin to explore the number one, by recognising what the numeral looks like and by understanding it's value.

FI

Marvellous

Me!

UTW

As we settle into nursery, we will begin to engage in discussions all about ourselves; what we look like, who we live with & if we have siblings. We will use photos from when we were babies to explore what has changed and how we are different now.

Outdoor Learning

We will be exploring the outdoor area and developing our gross motor skills using our Sand area, climbing frame, balancing resources and mud kitchen.
